

Pawn Brokering Solution *Proposed Financial Suite*

Prepared For:

Prepared By: Modular4

Description

Pawn Brokering Solution is a comprehensive, user-friendly package consisting of the following components:

Product Categorization

Cartage Categorization

Fund Management

Reminder Module

This has been designed for ease-of-use, being menu-driven with consistent structures across all of the application. The database provides shared access to the information while ensuring complete integrity of the data.

Pawn Brokering Solution provides many convenient reporting features, tailored to the roles of your decision. Also it is an application that optimizes the processes of exchanging documents between enterprises and managing documents within an organization by capturing and reading electronic copies – and eliminating the need for manual data entry.

About Modular4	9

Project Purpose and Business Problem

Finance software should provide users with an online environment within which they can maintain Customer records, Ticket details, Referential documents, with minimum data redundancy & greater security. And improve employee performance and productivity by integrating business processes and data across the organization

Also it should provide the reports, graphs as per the state regulation and market trends.

Finally it should help with MIS reporting for better decision making.

Our Solution

Pawn Brokering Solution offers the chance to capture of data easily and accurately, facilitate processes, and generate data that is easily accessed and intuitive. It saves time and effort not having to duplicate the posting of transactions. Also enables you to master the data needed to make fast, sound decisions while conducting business.

Pawn Brokering Solution supports capture of data easily and accurately, facilitates processes, and generates data that is easily accessed and intuitive. The robustness of the product protects the business from internal and external fraudulent activity. Pawn Brokering Solution simplifies the adherence to regulatory mandates and results in significant savings and provides protection against litigation.

Benefits of using our solution

Common Client Concept

Pawn Brokering Solution maintains Customers, Auctioneer and the Officers of the system in a method where each can play either role at any given time, which reduces data duplication. And the National Identity Card Number is mandatory in the system & it is validated as per the Central Bank regulations.

Information Centre

Pawn Brokering Solution has an inbuilt report module with MIS reports, supporting better decision making, which can be customized as per user requirements

Implementation Plan

High Level Project Plan

Master data keying	1 Days
Fine Tuning and Implementing	1 Days

Software Agreement

The Software Agreement to be signed with “Modular4 Solutions (Pvt) Ltd.”

Software Warranty

This software solution carries a warranty period of Twelve (12) Months from the date of User acceptance test (UAT).

Software Maintenance

Maintenance services shall be provided under a maintenance agreement to be signed after the warranty period expires. The standard annual maintenance charges would be fifteen percent (15%) on the product price plus the subsequent cost of modifications.

Software Maintenance

Upfront 100% maintenance fees for a period of one year at the signing of the maintenance contract.

During such annual maintenance MODULAR4 shall rectify all software related faults, defects and malfunctions free of charge.

Additional Software Modifications

All additional software modification charges will be quoted after a detailed system study. The development of the modifications would begin once a written confirmation is given by the client.

Modification Charges

50% - on confirmation of the quotation

50% - on implementation of the modifications

Updates/New Modules

Customers under maintenance service agreement are entitled to free Application Updates within the same version, database, operating system, and application language (subject to application customizations done at the client's site) of the modules purchased.

Other additional/new modules/new version upgrades would be available at a very special discounted price to your company.

Purchase Order & the Payments

Purchase Order and the payments to be issued to "Modular4 Solutions (Pvt) Ltd."
